The new fantasy action RPG Tarnished, which has been recently published in Japan by Max, is a game that excels in its idea, visual presentation, and sound effects. The setting of the new RPG Tarnished which goes by the name of “Eden Ring” is a land between the Divine Realm of Zaltys and the dark magic of the Abyss. The Divine Realm of Zaltys is a world where the sacred flower of fate and the purity of the king were celebrated. However, a tragedy struck, and upon the king’s death his body was taken and the flower of fate disappeared. The Abyss is a dark realm full of malicious gods and creatures created by countless dark magics, which has been known for its strange and varied monsters. “Eden Ring” is a land that connects the two worlds. In this region, humans live along with the gods, and monsters that are created by the god, known as the Elden, live and gather together in the dark forest. One day, a girl comes to the land, and is saved by the hero, the duke of the region. The girl turns out to be the princess of the Divine Realm. “Tarnished” is a title given to a girl who has not yet been purified by a hero and who has a body full of impurities. The hero purifies the princess and rescues her. From there on, the hero and the princess begin a journey together to purify the body of the princess. At the time, as the hero starts to purify the princess, the god who had cursed her body opens her wounds with the power of his divine flower of fate. The princess, whose body has been purged of the impurities, is now purified. However, the princess becomes weak, and the hero is unable to purify her body completely. The king, who is the hero’s father, tells the hero to save the princess and raise her to become the ruler of the land. In the end, the princess is crowned and the land is unified. Tarnished revolves around the girl who calls herself a princess, whose body has been cursed because of her pride and lack of purity, and the boy who saved her. However, the words used by the princess are not the words that should be said from a lady, but from an immature girl. bff6bb2d33
